

# FY11 Relay For Life® Event Website Enhancements

## Ready for *your* Relay For Life event now.

The Accelstream Relay for Life website enhancements are ready to be added to your event. Please review the information below to learn what it can do for you!

## What does it do for me?

The enhancement functionality allows you to easily collect and add all sorts of information, photos, even video to your Relay website. You can post information or collect from your audience and best of all, no more managing and sizing photos, the system does it for you.

The following features are included this year: Announcements, Event Stage, Videos, Photos, Sponsors Logo Scroll, Documents, Relay Stories Fundraisers, Pre-populated Mission Delivery.

## How does it work?

The Accelstream Relay for Life program provides you with a content management account that lets you easily collect and upload content to your event website. Accelstream puts everything in place. All you have to do is from time-to-time review and approve photos, stories, videos, etc. that are submitted to you.

## How do I get this for my event?

The enhancements are provided by Accelstream and are only **\$149.00** for this year. There will be 3 initial implementation periods to get you up and running as quickly as you are ready. The service is available to you for a full 12 months.

### Order By:

- August 17<sup>th</sup>
- August 27<sup>th</sup>
- September 10<sup>th</sup>

### Ready for Use By:

- August 30<sup>st</sup>
- September 13<sup>th</sup>
- September 27<sup>th</sup>

All you have to do is place your order online by visiting [www.accelstream.com/relay](http://www.accelstream.com/relay) and click the red "Get Started" button. Simply fill out the form selecting your Relay event and you will receive an invoice by email that allows you to pay online via credit card or you may pay through the ACS Payment System to Accelstream.

## How do I contact Accelstream if I have a question?

Within your Accelstream account, you will find links to online tutorials, but also toll-free phone, and email support. The phone and email are dedicated contact information for Relay For Life.
